Carey High School Earns Exemplary Status in IHSAA Schools of Excellence Program

HAILEY, ID — Carey High School has received the 1A Exemplary Achievement award from the Idaho High School Activities Association (IHSAA) for the 2024-25 school year.

The award recognizes a school's overall performance in academics, athletics, activities, and citizenship. One school in each classification is selected annually based on a point system that weighs varsity academic achievement, competitive success, and sportsmanship equally.

Participation in the program is voluntary, and the Exemplary Achievement award is the second highest honor a school can receive.

"This recognition reflects the character and commitment of our students, staff, and families," said Superintendent Jim Foudy. "To be honored for excellence in the classroom, on the field, and in how we support one another says a lot about our community."

Carey High School earned top scores across all three evaluated categories.
